RESPONSE TO OFFICE ACTION

This communication is submitted in response to the Office Action dated September 15, 2004 (hereinafter "Office Action"). Reconsideration of the above captioned application in view of the amendments and remarks to follow is respectfully requested.

Claims 1-27 are pending. Claims 1, 3, 9, 12, 17, 20, 23, 24 have been amended to provide antecedent basis, remove unnecessarily restrictive elements, and/or to clarify language. None of these amendments were done for the purpose of overcoming cited art, and no new matter has been added as a result of these amendments.

Summary of the Office Action is found on page 2 of this paper.

Amendments to the Specification begin on page 3 of this paper.

Amendments to the Claims are reflected in the listing of claims that begin on page 4 of this paper.

Remarks/Arguments begin on page 9 of this paper.

Summary of the Office Action

In the Office Action the title is found to be non-descriptive; claims 1-8 and 12-27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the inventive subject matter; claims 12 and 20 are rejected under 35 U.S.C. 102(e) as being anticipated by Migita, U.S. Patent No. 6,526,106 (hereinafter "Migita"); and claims 1-11, 13-19, and 21-27 are either allowed or would be allowable if rewritten or amended to overcome 112 rejection and/or incorporate elements of underlying base claim.
